Comment

Years long dialogue between the Dalai Lama and Bishop Desmond Tutu

how the Four Noble Truths and Eightfold Path of Buddhism can help us in daily life.

Transformational meditation

Some of the original best

Traces the history of the concept of God from the earliest pre-Jewish times to now

"fundamentalism is not a throwback to an ancient form of religion, but rather a response to a spiritual crises in the modern world"

Theology from one who Really knows her stuff

Explores the roots and commonalities of several major religions

Unlike her previous books, this one is not primarily historical, but personal

Not anti-Christian, but a positive look at finding meaning and motivating responsibility in a secular world

One of the best summaries and explanations of Islam - very readable gift from my Islamic son-in-law

Jesus as a revolutionary with context

How humans have dealt with the concept of the Divine over the course of Human history.

Some of the original best

1997 Comprehensive history of interface between science and religion by professor of both physics and religion.

Bart Ehrman reveals how Jesus's divinity became dogma in the first few centuries of the early church.

The concepts of Buddhism are not something to believe in, but something to do.

Examines the characters and personalities of Jesus and Yahweh B's dialog with Sophia

Historical Jesus & relevance to contemporary religion

Borg's summary of research into the historical Jesus without the gloss added by the Gospel writers and their literary descendants

Though most do, Quakerism does not require belief in divinity; these essays explore the range of nontheism

The history of the Friends (Quaker) denomination

How to bring the Holy Spirit into everything you do

Keep the faith, lose the dogma

A clear, easy understanding of Buddhist concdepts

War in Heaven, fallen angels, Heaven and Hell, much beloved by Ancient Alien Theorists, who say "Yes!"

Christian dogmatism giving way to grassroots faith

Long (650 pages) detailed, and well documented history and opinion of the early movement that became Christianity

A careful, well-supported, and detailed look at the historical Jesus, by an eminent scholar and former Benetictine

A shorter version of the above in question and answer format

Jesus as a Buddha-like wisdom teacher who taught the transformation of consciousness

Mithras was recognized as the greatest rival of Christianity

Primordial religion

He asserts that belief in God is irrational, and cites the irreperable harm done by believers over the centuries

An exploration of the role that religion plays in our lives, and how that role has evolved

With evidence from contemporary astrophysics, geology, biology, anthropology, and evolutionary psychology, Thank God for Evolution lays out a

Examining the traditional understanding of God and melding it with evolutionary ideas.

a short, yet potent, spiritual guide

illustrates humanity's largely untapped spiritual potential.

Traces the types of New Testament forgeries, with examples, and why they should matter to us

Ehrman's final break with Christianity over why an all-powerful, all-knowing God can allow senseless suffering

The story of an idea that shaped Christianity, and of the evolution of a belief that looked very different in the fourth century than it did in the first.

Illustrates the contradictory messages presented about Jesus and why they occurred

Ebionites, Marcionites and Gnostics, oh my!

Companion to above, includes texts of over 36 documents that were not included in the Bible

Traces the many changes, accidental and intentional, to the original texts that form the New Testament

Really, three books in one, one for each of the named protagonists

a landmark study of the long-buried roots of Christianity

The Book of Revelation, the surreal apocalyptic vision of the end of the world . . . or is it?

Former minister and psychologist explores non-theological paths to "soul-nurturing spirituality" Currently Unavailable

This guide breaks down the central philosophies of Buddhism in clear and concise language

Manual of Epictetus

This meditation was specially designed to give you maximum results with minimum effort.

A primer to a church movement that encourages every Christian to "live the questions" instead of "forcing the answers."

Traces Constatine's conversion to Christianity to the abandonment of Greek intellectual tradition and much more.

A journey through the nature of the 'Mystery Experience', via quantum physics, Gnosticism, the essence of Tao, meditation, Walt Intro to Hermes Trismegistus

Further examinations of Gnostic thought

Gnostic mystery cults at bottom of Christianity

Probably the most accurate translation to date of the four Gospels plus Thomas, extensively notated

the most universally beloved scriptures of Buddhism in this "clear, concise, and inspiring" translation

Science discovers the anthropic principle

The classic Tao

The archetypal quest as a journey of the soul Hardcover only from Alibris

Biblical interpretation for our times = Hardcove rform Alibris

Armchair Theologians selection: interesting but not rigerous intellectually

an indispensable work for any student of the Rosicrucians or the Mysteries Schools.

"The primary purpose . . Is to arm secularists . . Who believe religion should be kept out of public policy"

Harvard religion scholar Harvey Cox's landmark exploration of why Christian dogmatism is giving way to a grassroots Christianity rooted in social justice

Comprehensive history of Mary Magdalen through both myth and post-biblical co-option by the church

Jung, Gnosticism, Essenes and orthodoxy

The dead came back to Jerusalem, where they did not find what they were seeking.

Excellent explanation of the problems of translation of biblical passages to modern languages

This edition contains the anecdotes and ethiopic writings of the prophet Enoch

A history of the modern evolution of Islam and the causes of the rise of fundamentalism and violence

Examining the divine reality underlying all faiths

Huxley discusses the nature of God, enlightenment, being, good and evil, religion, eternity, and the divine.

repackaging mysticism, intentionality, and self-care into something proudly lowbrow and accessible. ...

the actual Jewish theology of earliest Christianity which lies shrouded in the New Testamen

Jefferson did not believe in the divinity of Jesus and re-translated the new testament eliminating the supernatural

The story of the violent 5th century church at the time of the Council of Chalcedon

you probably have heard (over and over) how great meditation is

Where did God come from? What do the bible stories really tell us? Who or what was Jesus Christ? T

THE reference on the subject

A nuanced exploration of the role of religion in our lives

Similar to God, A Biography, it follows the changing nature of perceptions of Satan in and after the Bible

Magdalen as tantric grail Available through Mandala www.shopmandala.com

In which polytheism emerges as the nicer philosophy which lost to superior force after Christianity allied with the Romans

Similar to F&G's "Jesus Mysteries." except with freemasonry.

The Shroud isn't Jesus

Comparison between Christan & Buddhist practices

Just what it says fromone of the best pratctioners in English

Sympathetic summary of the Gnostic movement and suggestions for their future

Explores the transformation of the western world from many to a single religion between the 3rd and 6th centuries

Magnificent - inspirational commentary, very contemporary relogious/psychological teachings.

Former Christian preacher attacks Christianity based on its core beliefs as he understands them

Examines the assumed, but never found, common source text for portions of Matthew and Luke

Detailed account of early Christian writings as the mythmaking products of diverse social formations.

Meditations remains profoundly relevant for anyone seeking to lead a meaningful life.

is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts

Imagine obtaining the wisdom of the ancient Egyptian philosophers.

magine finally understanding the teachings of the ancient Egyptian priestly order

A great companion book to "God's Secretaries" - the two definitive histories of the writing of the KJB.

How to understand the Book of Revelation The texts_translated

All the original Gnostic gospels The invitation to follow Jesus instead of worshiping Christ

Meyers casts the nature of faith as a force that stands against anything and everything that engenders death and indignity.

What would it be like to free yourself from limitations and soar beyond your boundaries? What can you do each day to discover inner peace and serenity?

A similar treatment of Jesus, as God Incarnate: wonderful, insightful books both

An analysis of God's evolution as presented in the Bible, viewed from a literary standpoint

Former monk Thomas Moore explores the myriad possibilities of creating a personal spiritual style, either inside or outside formal religion

Wisdom from the Tibetan Book of the Dead

The story of the 7-year effort that resulted in the King James Bible, including all the politics and intrigue

Selections from seven of the world's major wisdom traditions

The religion, myths and history of Dionysus

The Tibetan Book of the Dead was read aloud to the dying or recently deceased so that they could recognize the true nature of the mind

Conflict Between Gospels of John & Thomas - Jesus vs. personal enlightenement

The alternate version

A primarily-new-testament summary of Christianity's evolving view of Satan

What John's visions were really about

Philosophy. Personal Transformation

How J's image changes with each culture/century

The evolution of the Bible(s) from earliest oral traditions through its diverse final forms

Lots 'n Lots about Mary Magdalen, J. the Baptist & the Priury de Sion

Essentials of Buddhist thought

A manual for those who are, or want to, recover from the religion virus and its side effects

Brief summary of Quaker practices and beliefs, such as they are. Of course, no author,

explores humanity's quest to make sense of the divine

Sifting through centuries of mythmaking, Reza Aslan sheds new light on one of history's most enigmatic figures

Shows how to navigate spiritually difficult terrain with clear vision and tools to uncover our True Selves

The Sermon on the Mount, considered the blueprint of the Christian lifestyle.

Explores the many flavors of early Christianity in the first century world, and as the church continued to evolve

Allegedly the ultimate introduction to Buddhst wisdom

renewing the church as an instrument of social change and personal transformation.

Meyers recasts core Christian concepts in an effort to save Christianity from its obsession with personal salvation.

Both the story of Judas and the story of the discovery and eventual release to the public of the Gospel of Judas

The Sermon on the Mount, considered the blueprint of the Christian lifestyle

The alkaloid base for the mystery cults with much explanation of the myths

Rumi's Teaching Stories

While respectful of religion, Carl dismembers all superstitious belief systems, including fundamentalism

Eminent scientists' thoughts on the relationship between religion and science

all three of St. John of the Cross' major works as well as twenty of his magnificent poems.

a guide to meditation as a rational practice informed by neuroscience and psychology.

"Only a mind that is at peace can solve problems."

The power of healing through forgiveness

Separating the human Jesus from the Myth

Spong's lifelong struggle with the quaestions if God and death

Christian mysticism at its best

"Revelations of Divine Love" is a classic and important work of Christian mysticism, and the first book in English written by a woman.

A guide for spiritual development through service and prayer

2007 Physicist puts traditional Judeo/Christian God to scientific tests and he fails

How the man we call St. Paul shaped Christianity as we know it today.

Former major fundamentalist minister gives his reasons for eventually rejecting Christianity and theological belief

Buddhist science of mind and emotions

Studies in Right Mindfulness meditation technique

The evidence that none of the stories of Abraham, Moses or David has any factual basis

34 unique stories of the moment of enlightenment

This anthology is a collection of fine reads serving as chicken soup for mind and soul.

Comprehensive story of the evolution from the historical Jesus to the fully developed post-Biblical Christ

Compedium of Theosophic philosophy

A 1992 biography of the Jesus of history, well written and documented

Exhausting biography, with some speculation added, of a main character in the Passion of Christ

This book is dedicated to the awakening of inner freedom within the minds of its readers and all other sentient beings.

Out of print, but available used. Basic Abhidarma teachings

Written from a Christian viewpoint (about 40% of the book covers various aspects of the Christianity)

Ziad Masri takes you on a profound journey into the heart of existence

In this practical guide to consciousness, you will discover key concepts relating to energetic work

Huxley on Mescaline

Space & Time as functions of Consciousness, rather than vice-versa

Dynamics of consciusness, high energy physics

Physics & Enlightenement & how they work towards each other

Consciousness is not a mere epiphenomenon of the brain; it is our connection to God, the source of all consciousness.

Bohm's collaboration with Krishnamurti

The totality of existence as an unbroken whole

A groundbreaking dive into the role psychedelics have played in the origins of Western civilization,

Swimme narrates the same cosmological events that we agree are fact but offers a feature unlike all other writings on this topic.

More on Bohm's wholeness conncept

A study of the mystical experience leading to Transcendent Realization or Illumination

Joseph Campbell on the myth of the Hero and how it is present in all societies

Campbell posits that the laws of outer space are actually within us as well, and that a new mythology is implicit in that realization

The connections between quantum theory and the ideas of Buddhism, Hinduism, and Taoism,

The successful search for the Higgs boson that yields mass

parallels between the latest discoveries in psychology, neuroscience, and the teachings of Buddhism

offering exercises and practices you can do right now to experience the state of "no self" and its benefits.

Biology-based philosophy

Traces the origins and meaning of asymmetry to the universe and to us personally

Treatise on the search within the brain for the sense of self

Explores current theories of cosmology and related history of philosophy

The evidence for evolution, well presented

Darwin's original idea, its genetic mechanism, and its extentioin to sociatal "memes"

This is your guide for seeking deeper insight for our existence

Locked in the silence and darkness of your skull, your brain fashions the rich narratives of your reality and your identity.

Basic Physics

3 Vol not to be missed!

From a master explainer and Nobel winning physicist.

every interpretation of quantum physics involves consciousness

1994 Progress report on attempts to duplicate human brain functionality

Inherint chaotic processes may enable virtual free will, even in a deterministic universe.

Matter & mind have origin in consciousness

Theories on reincarnation from a quantum perspective

God, psychology, and the meaning of life

Superstring theory

The basics of Quantum Theory - buy together with Schroedinger's Kittens

The latest in accessible Quantum theory - refutes the Copenhagen interpretation

NPR reporter's search of various transcendental experiences, both religious and not for common roots

A sea of quantum light underlying the universe

Exploring Jung's Active imagination techniques

a guide to meditation as a rational practice informed by neuroscience and psychology.

Among other subjects covers scenarios for the origin of the universe that do not include God

Similar scope to Black Holes below

Entire 2010 book devoted to theories of origins of the (or multiple) universes

Essays in honor of Bohm

Worked with Schwartxz on Quantum understanding of brain/mind functions

Philosophy of Mind/Self, physicality of thought

Huxley on Mescaline

a discourse between the revered spiritual leader Krishnamurti and renowned physicist Dr. David Bohm

Humans actually are central to the universe.

Latest in neuroscience

More on non-locality and it's implications

The Theory of Everything / 10-dimensional Universe

Integrating chips/software into the brain

Comprehensive (for 1989) discussion of matter that is ten times as abundent as "real" matter.

The interdependence of things related by the oibserver in quantum physics

Life is not an accidental byproduct

2500 year tour of the question "What is the World Made of?"

How and why we relate to music, which may be fundamental to our species

Scientific statistical study of verifiable Near Death Experiences (NDEs)

Zero Point field and it's connectedness throughout universe.

religion and science can be mutually enriching forces in our lives.

The renowned theoretical physicist tackles the most fascinating and complex object in the known universe: the human brain.

Interface between Physics/Psychology/Religion

Bell's resolution of EPR Paradox and its implications in other disciplines

Explores the neurological and psychological basis for belief, including religious belief

A concise, elegant, and thought-provoking exploration of the mystery of consciousness and the functioning of the brain.

Spiritual practices, or awakenings, have an impact on brain, mind and personality.

Neuro/quantum/Al/Neural Networks

Computational approach to explain a diversity of human behaviors

Well documented evidence that humans are born with brains already partly programmed.

a science-based cosmology that allows us to understand the universe as a whole and our extraordinary place in it.

Used - Amazon

Ten years of brain-based research

that 'cosmic consciousness' is slowly beginning to appear in humans and will eventually spread widely throughout the human race.

Exhaustive study of NDEs

Biology creates the universe

Collection of papers that are extremely thought provoking

Only available at Alibris

Facinating tales illustrating how music changes brain development

How mind affects the wiring of the brain

"Trialogue" regarding the evolution of cosciousness, panentheism & mushrooms

Heisenberg, Schrodinger and Willian James all in one.

Our conscious experiences enter into the dynamics in specified ways not fixed by the physically described aspects alone.

Explores and debunks fine-tuning as proof of intelligent design

amid a raging pandemic, snowstorms, fires, and canceled flights, leading spiritual teachers, preachers, and healers from around the world came together.

What got me started - Bohm & Pribram & how the brain perceives/organizes sensory input

A Comprehensibve Theory of Everything (TOE)

Tackles the interrelationship among brain function, language, art, poetry, and religion

Cognitive science & Human experience

Not Monty Python, but not David Bohm, either.

The book guides the reader out of their distorted beliefs to experience reality beyond the mind.

Mythology/Archetypes/Art

Integrating wildness back into civilized masculinity

Exploring the dark side

The Hero's journey of transformation - said to be Campbell's best book

Interpreting myth from the troubadors to Finnegan's Wake

The newly discovered laws of outer space are actually within us as well, and that a new mythology is implicit in that realization

the central part of Jungian psychology.

describes consciousness as the system that operates the biosphere.

This is your guide for seeking deeper insight for our existence.

One of the main tenets of shamanism is a belief in the power of ceremony to manifest change in the physical world

Toltec shaman don José Ruiz takes a deep dive into this rich and vital store of animal wisdom

Toltec shaman and master storyteller don Jose Ruiz shares some of the most popular stories from his family's oral tradition

Used - ecological sprirtualism The unconscious as source of spirituality

Just what it says.

Std refrence

How to: techniques for active imagination

Used - Why Mary Magdalen has a hair suit.

Out of print, may be hard to find - reissued as hardcover

The power of focused attention on the mind

Active imiagination & Dream analysis
